Review on "Trio Vol. VI" by jazz-fun.de

Takeshi Asai, known for his virtuosity and versatility - straight-ahead jazz pianist, electric musician, producer, composer/arranger of a variety of theatrical projects - has collaborated with his longtime partners, bassist Bob Gingery and drummer Brian Woodruff on "Trio Vol. VI".

The album features 9 original compositions written by Takeshi for this album, as well as a popular song by James Taylor.

jazz-fun.de says:

The trio's music consists of beautiful melodies and harmonies that evoke subtle moods and feelings of artistic enthusiasm. The beautiful atmosphere that builds up around the piano reaches our consciousness without any limitations. "Trio Vol. VI" is music that floats between beautiful compositions and refined improvisations. The music is beautiful and full of positive messages, offering many reasons to be excited and making us want to return to these recordings.
